1 MRCM-Recall Group's first five demands

1. The first demand is : if a citizen comes to the Collector to submit a letter to PM/CM, the Collector will accept it for a fee and put it on PM's website without dispute. The Talati would allow citizens to register YES/NO on any law passed by MLAs/MPs or letter submitted for Rs 3 fee. The citizen may change his YES/NO anyday. The YES/NO will come on PM's website, with name, voter-id#. In the first proposed GO, *the YES/NO count will not be binding on the Ministers, officers, judges etc*
2. The second demand is : if over 50% of ALL citizens approve a proposed GO, the CM, PM will sign it within 24 hours.
3. Enact procedures so that the mineral royalties and rents from Govt plots go as --- 33% directly to the Indian Military and 67% directly go to citizens of India
4. Enact procedures by which citizens can replace CM, PM without waiting for 5 years
5. Enact procedure by which we commons can replace Supreme Court Chief judge and other judges any day.

These are our first 5 GOs demands. http://www.rahulmehta.com/about_mrcm_party.htm#manifesto has list, description and drafts of this and all GOs we demand. This pamphlet has summaries of key demands. If you like our demands, please visit or call us at address/phno mentioned above.

2 How is MRCM-Recall Group different from MPs, MLAs and "intellectuals" of India?

We at MRCM-Recall Group (Party) differ from most parties and most intellectuals as follows :

MRCM Party	Other parties' MPs, intellectuals of India
1. Ownership of Mines, Govt plots	
MRCM Party insists mines and Govt plots are property of the citizens. And so the citizens and their Military should get rents and royalties. eg MRCM Party believes that citizens MUST get rents from GoI plots such as IIMA/JNU plots, airport plots etc	The leaders of Congress, BJP, CPM and all intellectuals of India have firmly said that mineral mines and Govt plots are property of State and citizens shall have no ownership over them. And they have categorically refused to give rents to citizens over IIMA, JNU and airport plots
2. We are Democracyists and support recall, MPs of other parties and intellectuals oppose recall and are fascists	
We at MRCM party are the only ones in political arena who insist that we commons MUST have legislative powers and powers to expel/replace PM, CMs and 10s of officers, judges as National, State and District levels. IOW, we are Democracyists.	All MPs and most intellectuals of India consider us commons as fools, and insist that we commons must not have any say in law-making and replacements of officers, policemen, judges and decisions taken in courts. They oppose recall of Ministers, IAS, IPS, judges and even oppose registration of citizens' Yes/No on laws passed !! India's most intellectuals have fascists mentality.

3 The first two demands

Our proposal before citizens to get sign of PM, CMs on following Govt Order

	<u>Officer</u>	<u>Procedure / instruction for the office</u>
1	District Collectors	All District Collectors are ordered that if a citizens comes to their office with a letter to PM, they must accept letter for a fee of Rs 200 per page, issue a serial number with place/date , scan the letter and put the letter on PM's website.
2	Talaties (or their Clerks)	All Talaties are ordered that, if a citizen comes to Talati's office to register his YES/NO on any law passed by MLAs and MPs or any letter submitted to any Collector, pays Rs 3 fee, then the Talati would enter citizen's voter-id, law name, clause number or letter number and enter the citizen's YES/NO in his PC. The fee for BPL card holder will be Re 1.
3	Talaties (or their Clerks)	The Talati would provide a computer generated receipt to voter with letter number or name of the law, serial number of the clause, date the law was passed, the date when YES/NO was entered, the citizen's voter number and his YES/NO.
4	Talati	Talati will allow citizen to change his YES/NO for Rs 3/- fee. (Re 1 for BPL card holder)
5	Collectors	The Collector will ensure that citizen's YES/NOs comes on Govt website with his name and voter#.
6	CS (Cabinet Secretary)	CS or the officer he designates will publish the YES/NO counts for each law, letter on Monday on the Govt website
7	----	The YES/NO counts will not be a binding on the Minister, officer or a court.

In the second MRCM demand the clause-7 is replaced as follow :

7	PM	On 91st day after GO was proposed, if over 50% of ALL voters (not just those who registered YES/NO but ALL registered voters) register YES on the proposed GO, PM shall resign or sign the proposed GO in 24 hours. If MPs' approval is needed, PM will obtain it in 90 days or will resign.
---	----	--

Enacting this GO does NOT mean that CMs, PM would need citizens' YES/NO on every GO. The GO we demand and promise will not stop PMs and CMs from issuing GOs as they can now. The above GO does not require or even expect citizens to register YES/NO on every law. The above GO only means that if a citizen wants to register YES/NO on some law, then the Govt shall not block him and his YES/NO shall come on GoI website. Now out of 1000s of laws we have, not all will register YES/NO on all laws. But x% may register YES/NO on some 100-200 laws he may like/dislike.. *This GO simply creates "an additional option" for citizens to express their speech.*

4 The third MRCM-Recall demand – Mine Royalties to Citizens and Military

We want to enact this law using the second proposed GO and using YESes of over 50% of voters i.e. about 37.5 crores voters. The most important of all Govt Orders we MRCM Group demand is –

The land rent over IIMA plot, JNU plot, Gujarat Vidyapeeth plot, Gujarat University plot, all UGC plots, Ahmedabad airport plot, all airports plots and 10000s of such Govt owned plots and royalties from all waters, mines, coal and crude oil of India shall go the 2/3 to the Citizens of India and 1/3rd to the Military, directly not via any scheme.

This will create an income of over Rs 5000 per year per person (not per family). This will reduce poverty, increase demand, increase industries and this increase employment. The draft and details of the proposed law in the Manifesto.

How much is land rent

The Govt of India, Central and States, have 10000s of plots with huge market value. Here is a small example

Plot Name	Area	Sq meter Price	Plot's market value
IIM Ahmedabad	100 acres	Rs 40,000	Rs 1,400 crores
IIM Lukhnow	200 acres	Rs 20,000	Rs 1,600 crores
IIM Lucknow (Noida)	10 acres	Rs 50,000	Rs 200 crores
IIM Kolkata	135 acres	Rs 20,000	Rs 1,000 crores
IIM Indore	190 acres	Rs 15,000	Rs 500 crores
JNU	1000 acres	Rs 40,000	Rs 16,000 crores
Gujarat Vidyapeeth	25 acres	Rs 40,000	Rs 400 crores
Gujarat University	250 acres	Rs 35,000	Rs 3,500 crores
Ahmedabad Airport	1850 acres	Rs 40,000	Rs 29,600 crores
Mumbai Airport	1100 acres	Rs 100,000	Rs 44,600 crores
Delhi Airport	5000 acres	Rs 100,000	Rs 200,000 crores
Banglr. Airport (new)	4050 acres	Rs 10,000	Rs 32,400 crores
Banglr. Airport (old)	1000 acres	Rs 100,000	Rs 40,000 crores
Calcutta Airport	1500 acres	Rs 30,000	Rs 18,000 crores
Chennai Airport	4800 acres	Rs 40,000	Rs 76,800 crores
TOTAL			Rs 470,080 crores

Rent of these plots at 3% of market value of plot = Rs 470,080 cr * 3/100 = Rs 14,100 cr year = Rs 120 per citizen per year !! The Govt has about 50000 plots by one estimate. Even if rent from each plot is as small as Rs 0.10 per person per year on an average, the rent exceeds Rs 5000 per person per year.

How much is mine royalties?

The mine royalties estimation is possible, but varies selling prices fluctuate. Here is an estimation based on Jun-2008 prices. (For details, please see the manifesto from http://www.rahulmehta.com/about_mrcm_party.htm#manifesto)

Crude oil : Rs 875 per common per year

Iron Ore : Rs 730 per common per year

Effect of land rent collection

One the land rent act is enacted, one of the two things will happen --- either we commons will gain say Rs 700 per person per month OR the price of land will fall, as renting makes hoarding impossible. The latter is more likely. Now if price of land falls, then house prices will fall, which will improve quality of the lives of us commons --- many of us commons who live in slums will be able to move to say 1BHK flats. And if price of land falls, number of businesses will rise, and we commons will have far more jobs and better salaries. Higher industrialization would increase the mineral prices, and so the mines' royalties will increase. So in any case, land rent from IIMA plot, other IIM plots, JNU plot and 10000s of GoI plots and mineral royalties is bound to benefit us commons and it will also strengthen our Military.

5 The Forth MRCM-Recall demand - Early Recall of PM , CMs

The 4th GO we promise a procedure by which we commons can replace PM, CMs promptly

1. Any citizen who wishes to be PM can inward his name to CS (Cabinet Secretary), who shall a serial number.
2. Any citizen of India can walk to Talati's office, pay Rs 5 of fee, approve at most five persons for the PM position. The Talati will give him a receipt with his voter-id#, date/time and the persons he approved.
3. The Talati will put citizen's preferences on Govt website with his voter-ID.
4. A citizen can change his approvals any day for Rs 3 fee
5. On every 1st of the month, the CS will publish the approval counts of each candidate for each of the position
6. The Approval count of the PM will be counted as higher of the following two -

- number of citizens who have approved him
 - sum of votes obtained by the MPs who have supported the PM
7. If any person has 2% more approvals than existing PM, then the existing PM shall resign and person with highest Approvals shall become PM.

An example : There are about 75 cr voters in India. 2% of that is 1.5 cr. Now 2004 PM had support of about 300 MPs whose votes add up to about 18 crores. So as per the proposed procedure, if and when over 19.5 crores citizens approve another person, then that person shall become new PM.

The draft of the proposed law is given the Manifesto. All clauses are consistent with the Constitution and thus no amendment in Constitution is needed to enact this procedure.

6 The fifth MRCM-Recall demand – procedure to replace Supreme Court Chief judge

The biggest reason why India ails is that we commons do not have procedure to replace PM and SC-Cj. Our forth demand solves one of these 2 major flaws – it creates a procedure by which we commons can replace PM/CM. Following is the procedure using which we commons can replace SC-Cj

1. Any citizen of India can pay a deposit same as MP election deposit to the PM's secretary and register himself as a candidate for the position of NRJ (Nationally Recognized Jurist)
2. Any citizen of can walk to Talati's office, pay Rs 3 of fee , approve at most five persons for the NRJ position.
3. A citizen can cancel his approvals any day as well.
4. The Talati will put the preferences of the citizen on Govt website with citizen's voter-ID number and his preferences.
5. On 1st of every month, PM's secretary will publish the approval counts of each candidate for each of the position
6. If an NRJ gets approval of over 50% of **ALL** registered voters then PM will send that NRJ's name to existing SCjs.
7. If all SCjs including sitting SC-Cj agree, then and then only PM shall appoint him as SC-CJ.
8. Even if one SCj disagrees, then PM shall not appoint that NRJ as SC-Cj

All the clauses of the proposed Govt Order are consistent and do not need any modification in the Constitution. The procedure to replace other judges such as SCjs, HC-Cj, HCjs is similar and is described in the Manifesto.

7 MRCM-Recall Group's other demands in short
